

WORLD OF RADIO #1094, produced August 29, 2001 by Glenn Hauser

- *Get-well quick wishes to Allan Weiner, WBCQ, who had cancer surgery; says he is doing fine
- *WEVD, New York, becomes ESPN outlet for Disney, Sept 1
- *WNYE, New York, losing foreign-language and BBC relays, but some think it will improve under management of WNYC; see DXLD 1-116
- *Personal Public Radio abandoned by KOSU, along with side-streams of other music formats; was an obstacle and too commercial
- *Sackville using up to eleven frequencies at once for RCI and relays, so must not have trashed an old transmitter
- *CRTC license renewal of RCI Sackville until 2008 is referred to as CKCX, so RCI has a never-used callsign
- *BBC Radio 4 has tribute to Douglas Adams, replay of Hitchhiker's Guide to the Galaxy series; and best comedy program Dead Ringers
- *BBC decides it would be logistically impossible to charge web user fees
- *Ralph Brandi's (im)pertinent comments on BBC WS finances
- *Dutch pirate R. Enterprise/Bandonica heard in Pacific Northeast
- *MW DRM digital test in Berlin from one transmitter spoils 162 kHz
- *Ostankino broadcast tower in Moscow still far from repaired after fire a year ago; maybe by 2004
- *V. of Russia confident of its future; has new Commonwealth service for former Soviet republics; SW can't be cut off like Mayak, tho could be jammed like VOA
- *Vatican complying with Italian RF radiation regulations, including MW via France to Germany
- *Portugal's national radio stations required to go 24 hours
- *Big pirate radio expansion in Greece above MW into SW; Yugoslavia too
- *Turkey cancels its great music frequency to North America, 9445
- *V. of the Free Socialist Iranian Kurdistan, Radio Liberty; and Radio Kurdistan monitored
- *Arutz Sheva, Channel 7 in Israel heard back on MW
- *Reshet Dalet, Israel in Arabic frequency change; summer time to end Sept 24, latening all its SW broadcasts
- *The middle of WOR 1094; thanks this week for financial support go to Bruce Berr; P O Box 1684, Enid, OK 73702 USA; wghauser@hotmail.com
<http://www.angelfire.com/ok/worldofradio/>
- *Our UT Mon 0000 on WWCR is now scheduled on 3215 instead of 9475
- *Latest Spanish DX report is not on the WOR site but linked from there to freespeech.org
- *Continent of Media 01-08 now available at <http://www.DXing.com>
- *KRVM 1280 Eugene OR no longer carries WRN 7/24, nor WOR
- *WRN satellite info for European listeners, including WOR Sat 0800 UT; see DXLD 1-115 or our website
- *English from UAE Radio Dubai is still heard at 0330, contrary to 1093
- *Taleban website hacked and no longer available:
<http://www.taleban.com>

- *R. Voice of Shariyah, Kabul, changes morning schedule again
- *R. Tashkent, Uzbekistan, new English frequency
- *CRI new relay frequencies at 0100: one is Cuba shifted 10 kHz; the other a new time for CRI via Canada
- *Laos again using 7 MHz, perhaps into evening and DXable
- *Website with some info on Dusit Palace Station, Bangkok, Or Sor:
<http://kanchanapisek.or.th/kp8/thai/kingbb02.html>
<http://kanchanapisek.or.th/kp8/thai/kingbb04.html>
- *V. of Malaysia monitored in English including 3 hours V. of Islam
- *R. Kuwait's Tagalog program R. Pinoy as heard in Philippines
- *V. of the Lord, Philippines via Germany, from KAF = Kol Adonai Foundation; see DXLD 1-116 i.a.
- *Rumors of another strike this weekend at R. New Zealand; BBC relay fill not extended to SW
- *R. Baidoa, Somalia, reactivated on 6 MHz, mostly in local language
- *V. of Africa, Libya, on two parallel frequencies, both with a lot of co-channel from Sa'udi Arabia, Jordan, China, Russia, Okeechobee
- *V. of Biafra International starts weekly broadcasts Sat. Sept. 1;
see <http://www.biafraland.com>
- *R. St. Helena E-mail says QSLs still be prepared;
radio.sthelena@helanta.sh
- *LRA36 Antarctica still heard in Europe; about to close down
- *Schedules of four active Uruguay SW stations
- *R. Imperio, Peru heard on 8 MHz harmonic; R. Tropicana, Ecuador on 5 MHz, 4th harmonic of MW
- *Live interview with R. Moscow's Joe Adamov, Aug 31 at 1400 UT,
<http://www.russiajournal.ru/cgi-bin/conf/question.cgi?id=10>
- *Radio Shack discounting DX-398 during September to \$150, the clone of Sangean ATS-909; info about it:
<http://www1.shore.net/~dmoisan/faqs/sangean/ats909faq.html>
<http://groups.yahoo.com/group/DX398>
- *Becker Mexico SW car radio discontinued and disappearing; see LeRoy Long's comments: <http://www.angelfire.com/ok/worldofradio/rxtips.txt>
- *URL change for David Kernick's site: <http://www.intervalsignals.net>
- *PDF version of VHF-UHF Digest available free at {NOTE CHANGE}:
<http://www.dxradio.co.uk/wtfda>
- *Sweepers interfere with other SW signals, studying ocean currents and waves; operators and FCC don't care [a.k.a. windshield wipers]
- *Propagation outlook from Boulder, August 28; flux range 205-150-175
- *You've been listening to World of Radio #1094
- *With a standard disclaimer, Glenn Hauser, here, inviting you to hear me again, next week
